May 16 - 17

fbodysport.org

The National Motorsports Challenge was originally established in 1995 as the “National F-body Event” and centered on Camaros and Firebirds.

Since then it has evolved into a more all-inclusive event for all makes/models and appropriately renamed to highlight this evolution. 1st timers and seasoned pros in all events are welcome, regardless of previous attendance or make/model affiliation. Come out and play!
